## Chapter 1 by Alexandra

"Hi my name is Isabelle Anderson and I am 17. When I was 14 I started taking water biology classes and now I would like the internship at your LA Seaworld shows. I have figured out that in Florida you need a new young person to get Shelby, the spotted dolphin that needs to be rehabilitated. I have already applied and got in to both the LA university of water and the Florida university of rehabilitation for sea animals. Right now I could go to each and work on Seaworld. I hope you give me my dream job to make another kid see the phenomenal Shelby again!" I finish saying with excitement. "How was that?" I ask Joddy. "Good! There is no way you won't get that internship now stop worrying about the interview and figure out what to wear!!!" Joddy practically yells. "Thats all you care about Joddy. Right?" There my mom looking at me and leaning on the door jam looking at me on my water bed. Joddy nods with a chuckle. My mom is the only reason I love water animals. She was working with the most famous whale, Leonardo when her partner, Christopher (aka my dad) drowned and she went down and saved him and everyday he thanks her. "Now it won't matter what she wears if she's late" Mom says "OMG!!!! Isy you didn't tell me the time!!! BATHROOM!!!! BATHROOM!!!!!!" Joddy yells as she bolts to the bathroom
